

## SKIING AT CLUB MED SAHORO

### Ski lessons sign up

Ski lessons at all levels with ski lift passes are included in your package. It is important for members to sign up for lessons at the entrance of the village Restaurant one day in advance so lessons can be organized for all required levels.

Members are required to bring their own ski equipment including ski jacket, pants, gloves, goggles and ski passes for each lesson or purchase them from the boutique in the village. In the event that you should lose your ski pass, you will be charged for re-issuing the ski pass and will be ready in a day time as it is not Club Med Sahoro who issues the ski pass. Thank you for your understanding.

### Ski lessons for children

Children are required to sign up for ski lessons one day in advance with the same procedure as for adults.

### Ski rental service

The ski rental service opens from 8:00am to 5:30pm. Due to flight schedules most members from Hong Kong will arrive at the village at 8:00pm but the ski rental service will open for them after this time (for big arrivals). Members are recommended to reserve and fix (that is to choose the size, to tune the ski and so on) their ski equipment the night before rather than just before the ski lesson starts. Rental is only charged from the actual skiing day.

### Private ski lessons

Private ski lessons can be arranged for our members and are on request basis. Reservations are required at the village Reception from 8:00am to 7:15pm. Your private ski lesson will be confirmed around 8:45pm onwards at the Front Desk and will be dependant on the availability of ski instructors. Payment on the same night upon confirmation is compulsory, otherwise your booking will be automatically cancelled.

### Cost of private ski lessons

	<b>2 hours</b>
1 person	¥16,800
2 persons	¥22,050
Group (3-6 persons)	¥27,300

### Times of private lessons

9:00am – 11:00am  
1:00pm – 3:00pm
